THE UNIQUE NATURE OF THE JACUZZI DESIGN

 Size: 180 x 85 x 68

 Size: 180 x 85 x 60 (The Inside view)

The jets and the power

The pump drives the hydromassage system and must have sufficient power to ensure continuous water circulation in an energetic and controlled way. This is why the Jacuzzi jets are so powerful and beneficial.

 Size: 180 x 85 x 60 (Front view)

Ideal depth

The internal depth of the bath is essential to ensure the proper execution of the hydromassage, which is why Jacuzzi baths, thanks to clever ergonomics, have the ideal depth to immerse the body completely without using excessive amounts of water.
